deted with Billy Williams, for the murder of police officer Julian Arnold in this city on the night of May 11th instand whose trial commenced in the Corporation Court on Thursday last, was acquitted on Saturday night, the jury bringing in a verdict of not guilty. When the GAZETTE's report of the trial closed on Saturday evening Mr. Edmund Borke was making his argument for nand Barke was making his argument for the pri-oner. He was followed by Mr. J. M. Jahrson for the Commonwealth. The case was then given to the jury, the court giving no instructions, and at S. 5 o'clock when Judge Monde left the bench he stated that he would be ready at any time till midnight to receive the verdict, should the jury by that time agree upon one. The jury were then taken to supper, after which they raturned to their room and at 10.45 aunounced that they had agreed upon a verdict. Judge Mead was notified and soon took his seat upon the bench and announced to the crowd which had as-sembled that whatever the verdict might be it must be received by them in a quiet and orderly manner. The jury then took their places in the box, and through the foreman, Dr. Kloman, handed in their verdict of not guilty." Curran, who stands indicted for a felonious assault on Mr. E. I. Padgett, still remained in the custody of Sergt. Smith, and after a collequy between the Commonwealth's attorney and Judge Meade it was agreed that his trial for this offense should he set for Friday next. An order for a jury from Fauquier county was then made, and Court adjourned till to morrow. It is the general opinion that Messrs. Marbury and Johnson made as strong a case as it was possible for the Commonwealth, but that the ens not sufficient.

MURDER IN THE COUNTY .- As stated in the GAZETTE, during a row between two young colored men, named Robert Pinn and John Carroll, on Friday morning, near Ar-ington, the latter was shot through the breast and instantly killed. It is not known whether or not the shooting was accidental or intentional. The only witnesses were once children and their statements are so confu-ed that Commonwealth's Attorney Clements, of the county, is still investigating the matter. As far as can be learned the two young men were good friends, and on Friday morning they were seen talking earnestly together. Suddenly a pistol shot was heard, and the next instant two little colored boys, who were playing near by, aw Pinn attempting to raise Carroll from the ground, protesting that he did not intend shooting him.

Another version of the affair is that Pinn starting for work Fridey morning, missed his whip, and thinking that Carroll had it, went to the latter's house. Carroll had the whip and gave it up without any harsh words passing between them. The young men then got to chiding each other about the amount of money they had in their peckets, Pinn offering to bet Carroll that he could not show a quarter. The latter then asserted that Pinn could not produce a cent, which the latter did and the refu-al to look at the coin caused Pinn to draw the revolver and shoot Carroll. When the alarm was given some of the neighbors hurried to the spot and found the lifeless body of Carroll stretched on the ground with a bullet through his breast, but Pinn had disappeared. Carroll and Pinn were both about eighteen years of age and were employed at the brick yards near Arliagton. The body of Carroll was taken to his home in West Washington.

THE LOSS OF THE STEAMER E C. KNIGHT -The loss at sea of the steam-hip E. C. Knight, one of the Inland and Seaboard Coasting Company's steamers, which has plied between Georgetown, Washington, this city and New York for the past twenty-three years, was mentioned in Saturday's GA-CETTE, at which time no particulars could e learned, nor has anything addition been obtained, save that she was sunk by colliding with the steamship Gulf Stream, of the New York and Wilmington, N. C. line, off Little Egg Harbor, about two o'clock last Thursday morning. The Gulf Stream took the crew of the Knight aboard and landed them in Wilmington Saturday. latter steamer sunk in twenty minutes after the accident. Capt. Young, of the ill fated vessel, arrived here yesterday, but when seen by a representative of the GAZETTE peremptorily refused to make any statement of the disaster. It is said, however, that the collision occurred without fault on the part of the officers or crew of the Knight. The steamer was leaded mainly with flour. She cost \$50,000, but had much depreciated in value, and was not insured against shipwreck. A meeting of the board of directors of the Inland Company was to have been held to-day. Supt. Phillips stated last night that he did not believe there was the slightest chance of raising the vessel, as sho is probably lying in sixty or seventy fathoms of water.

A telephonic message received here this evening states that the blame of the accideat rests entirely with the steamer Gulf Stream. The directors of the Iuland company he'd a meeting in Washington to-day and with commendable enterprise determin ed to at once put another steamer on the line in the place of the Knight.
